DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 10 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

- Claim 10 recites the limitation "said fixing condition changing device" in lines 1-2.

There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

3. Claim 1-9 and 11 are allowed.
4. Claim 10 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
5. The following is an examiner's statement of reasons for allowance:

None of the prior art of record teaches or suggests an image forming apparatus comprising a controller for changing an output order of fixed images to be printed out based on glossiness set by the glossiness changing device or on the thickness of the paper sheet.

Prior Art

6. The prior art made of record and not relied upon is considered pertinent to applicant's
